

## VK7TW QTH G5RV (BPL Present 3-24MHz) 20071104

BPL noise measurements for 1.8, 3.5, 7, 10, 14, 18, 21, 24 & 28MHz undertaken using the [FSM application](#), Yaesu FT-847 and G5RV 104foot dipole on 4 November 2007 in Wentworth St, South Hobart, Tasmania, Australia. Please note: BPL band plan covered the 3-24MHz spectrum and quasi-peak measurements used.

## VK7TW QTH G5RV (BPL Present 3-30MHz) 20071120

BPL noise measurements for 1.8, 3.5, 7, 10, 14, 18, 21, 24 & 28MHz undertaken using the [FSM application](#), Yaesu FT-847 and G5RV 104foot dipole on 20 November 2007 in Wentworth St, South Hobart, Tasmania, Australia. Please note: BPL band plan covered the 3-30MHz spectrum and quasi-peak measurements used.
